#### NOTES TO THE FINANCIAL STATEMENTS - 30 SEPTEMBER 2024

#### I Review of Bank's performance

The Bank's profit before taxation for the financial period to September 2024 amounted to RM259.7 million. Net interest income for the period was RM35.3 million. Major contributors for interest income include interest income from inter-bank lending (RM316.3 million), interest income from financial assets held at fair value through profit and loss (RM355.7 million) and interest income from loans and advances (RM23.9 million). As for interest expense, amount incurred on customer deposits was RM286.2 million and interest incurred on inter-bank borrowings was RM379.3 million.

Income generated from the Bank's treasury activities comprises net gain from foreign exchange transaction of RM326.1 million, management and attribution income of RM77.2 million, and net loss on derivatives of RM6.3 million.

Total overhead expenditure incurred in the 9 months was RM180.6 million. Staff cost and benefits came up to RM61.9 million while establishment expenses amounted to RM7.4 million. Inter-company management fees and attribution fees incurred during the period was RM97.9 million while administration and general expenses amounted to RM11.4 million. Expected credit losses written back on loans and advances for the period was RM9.2 million, mainly contributed by lower expected credit losses provided.

Performance for year-to-date September 2024 was lower than that of the corresponding period in 2023. In the current period, the profit before taxation was RM259.7 million (YTD September 2023: RM298.7 million). Net interest income for the current period was lower by RM42.1 million while other operating income in the first 9 months of 2024 was RM395.9 million, higher than the amount earned in the corresponding period in 2023 by RM7.6 million. The lower net interest income recorded was attributable to higher interest expense arising from deposits from customers, and deposits and placements of banks and other financial institutions by RM33.8 million and RM95.5 million respectively, offset by lower financial assets held at fair value through other comprehensive income by RM4.7 million. During the current period, there was higher foreign exchange gain by RM60 million. Net loss from financial assets held at fair value through profit and loss for the first 9 months of 2024 amounted to RM3.1 million against a net gain of RM17.3 million recorded in the corresponding period of 2023, and the Bank made net loss from financial liabilities designated as fair value through profit and loss during the current period amounted to RM4.9 million. As for derivatives trading, a net loss of RM6.3 million was recorded in the period against a net gain of RM13.2 million recorded in first 9 months of 2023. Other operating expenses increased to RM18.0 million as compared with RM161.7 million incurred during the corresponding period of 2023, reflecting an increase of RM18.9 million.

#### J Business outlook for 2024

Malaysia is an open, export-orientated economy, hence its growth will be influenced by macro factors. The Bank will remain focused on the quality and stability of the Bank by investing in transaction services, trade and wholesale banking businesses while enhancing flow business. The Bank's target clients, which consist of multinational corporations, large domestic corporates, financial institutions and non-bank financial institutions, will continue to benefit from the Bank's significant competitive advantage of a broad product mix and an expansive global network.

Our commitment to developing our business in Malaysia has allowed us to become a leader among foreign banks in the country, and we are confident of further growth with the support of the Bank's strong capitalisation, global network and fortress balance sheet.
